

Q: What is this website about?

A: This platform helps users estimate real estate prices using a machine learning model. You can also compare houses, calculate EMIs, and visualize interiors — all in one place.

Q: How does the price prediction work?

A: The system uses an AI model trained on real estate data. You just enter your state, city, locality, and house type, and it predicts an estimated price instantly.

Q: Do I need to sign up to use it?

A: No, you can get predictions without signing up. However, features like saving favourites or viewing history require an account.

Q: Which cities and states are supported?

A: Most major cities and states across India are supported. You can select your location from the dropdown menus on the prediction page.

Q: What is StreetBase?

A: StreetBase is your virtual assistant! She helps you explore the website, understand its features, and guide you step-by-step to the right tools.

Q: Can StreetBase predict house prices?

A: No, StreetBase can't predict prices directly — she assists by guiding you to the Price Prediction page where you can get instant results.

Q: Can StreetBase calculate my EMI?

A: StreetBase doesn't perform EMI calculations herself but can navigate you to the EMI Calculator tool where you can enter your details.

Q: Can StreetBase compare properties?

A: StreetBase can't run comparisons directly, but she helps you open the Compare section and input your two properties easily.

Q: How do I check the price of my house?

A: Go to the Price Prediction page and enter your state, city, locality, and property type. The AI will display your estimated price right away.

Q: Why does my predicted price differ from brokers' quotes?

A: Predictions are based on data patterns and may vary slightly from market-negotiated prices. It provides an AI-backed estimate, not a sale quote.

Q: Can I predict future prices?

A: Currently, the system predicts current market prices only. Future forecasts may be introduced in future updates.

Q: What factors affect the prediction?

A: The prediction mainly depends on location, property type, and regional price data available in the dataset.

Q: What is the “Imagination” feature?

A: It’s an AI-based visualization tool that helps you imagine interior layouts and styles for your home.

Q: Can StreetBase show me designs?

A: StreetBase doesn’t generate designs but can guide you to the Imagination section where you can browse visual concepts and layouts.

Q: Are the designs real or AI-created?

A: They’re AI-generated visualizations created to inspire users with creative design ideas.

Q: Can I customize or download designs?

A: You can explore different design options on the website, and depending on availability, download or save them for later.

Q: How can I compare two houses?

A: Visit the Compare section, enter both properties’ details, and view a side-by-side comparison including price, location, and size.

Q: Can I compare houses from different cities?

A: Yes, the comparison tool supports cross-city comparisons.

Q: Does it also show EMI differences?

A: Yes, it displays price, EMI, and basic property details for both houses.

Q: Can StreetBase compare for me?

A: StreetBase doesn’t perform the comparison directly but can redirect you to the comparison page and help you start.

Q: What does the EMI calculator do?

A: It helps estimate monthly loan payments based on loan amount, interest rate, and tenure.

Q: Can StreetBase calculate EMI?

A: StreetBase can’t compute EMI herself but will guide you to the EMI Calculator tool for instant results.

Q: Can I adjust the interest rate or loan period?

A: Yes, you can modify those values in the calculator to view how they affect your EMI.

Q: Does it include taxes or maintenance costs?

A: No, the calculator provides a basic estimate excluding additional costs like taxes or insurance.

Q: How do I add a property to favourites?

A: Click the heart icon ❤️ next to any property or prediction to add it to your favourites list.

Q: Where can I view my favourites?

A: All saved properties appear under “My Favourites” once you’re logged in.

Q: Does the website store my search history?

A: Yes, your past predictions and viewed properties are saved in the History section (requires login).

Q: Can I remove items from favourites or history?

A: Yes, you can delete or clear them anytime from your profile dashboard.

Q: What powers the price prediction model?

A: The website uses a machine learning model trained on real estate data to predict housing prices based on region and property type.

Q: How often is the model updated?

A: The data and model are updated periodically to maintain accuracy with market trends.

Q: Does the model use live market data?

A: It's primarily based on collected datasets and regional trends. Live integration may be introduced later.

Q: Can I give feedback on a prediction?

A: Yes! You can use the Feedback or Report option near your results to share your input.

Q: Is the website free to use?

A: Yes, most features like price prediction, comparison, and EMI calculation are free. Premium analytics may be added in the future.

Q: Is my data secure?

A: Absolutely. All user data is encrypted and never shared with third parties without consent.

Q: Can I delete my account?

A: Yes, you can delete your account and data anytime from the Profile Settings page.

Q: Does the site share my information with agents?

A: No, your personal data is kept private and used only for improving your experience.

Q: What should I do if the website isn't loading?

A: Try refreshing the page or clearing your browser cache. If the issue continues, contact support for help.

Q: How can I contact support?

A: You can reach out through the Contact Us page or the Help button in the footer. REA can guide you there.

Q: Can StreetBase connect me with a real agent?

A: StreetBase can't directly connect you but can show you where verified agents are listed on the website.

Q: Can I get alerts for property price changes?

A: Not yet — but you can subscribe for updates to get notified when this feature is launched.

Q: Does the website support rental predictions?

A: Currently, it's focused on sale price prediction, but rental prediction is planned for a future release.

Q: Can StreetBase suggest affordable areas?

A: StreetBase can guide you to the Insights or Comparison section where you can explore price differences and budget-friendly locations.

Q: Why should I log in on the website?

A: Logging in lets you access personalised features like favourites, history, saved quotes, and profile settings.

Q: How do I log in?

A: Click the Login button, enter your email and password, and you'll get instant access to your dashboard.

Q: Can I use the website without logging in?

A: Yes, basic tools work without login, but personalised features require an account.

Q: How do I log out?

A: Go to your Profile menu and choose Logout to safely end your session.

Q: What can I do in the Profile section?

A: You can view and update your personal details, manage your favourites, and check your prediction or quote history.

Q: Can I edit my name or email?

A: Yes, you can update your profile details anytime from the Profile page.

Q: Where can I see all my past activity?

A: Your history—including predictions, comparisons, and quotes—appears inside your Profile dashboard.

Q: When will I receive emails from the website?

A: You'll receive emails for Contact Us submissions, quote requests, feedback reviews, and important alerts related to your account.

Q: How do I contact the team?

A: Go to the "Contact Us" page and type out your query the team will reach out to you.

Q: What is the Testimonials section?

A: It showcases feedback from users who've tried our prediction, comparison, and imagination features.

Q: Are the testimonials real?

A: Yes, they're genuine user reviews curated to help new users understand the platform better.

Q: Can I submit my own testimonial?

A: You can share your feedback through the Feedback or Contact Us page, and it may be featured after review.

Q: What is the Request Quote feature?

A: It allows you to submit details about your property so our team can prepare a customised price or service quote.

Q: How do I request a quote?

A: Open the Request Quote page, enter your property details, and submit. You'll receive a confirmation email shortly.

Q: Where can I view my submitted quotes?

A: Logged-in users can see all past quote requests under their Profile or History section.

Q: What is the News section for?

A: It displays the latest real estate trends, market insights, and housing updates sourced from trusted news platforms.

Q: How often is the news updated?

A: The news feed refreshes regularly so you can stay up to date with current real estate developments.

Q: Can StreetBase show me the latest news?

A: Yes, StreetBase can guide you to the News section whenever you ask for real estate updates.

Q: Can StreetBase help me navigate these sections?

A: Absolutely. StreetBase can guide you to Login, Profile, Testimonials, Quote Request, News, or any other section you want to explore.

Q: Does StreetBase perform actions in these sections?

A: StreetBase doesn't perform actions directly but helps you reach the right tools so you can complete them easily.
